Cardinal Dougherty High School

MINENCE

Philadelphia, Pennsylvania

WHEN NATURE HER GREAT MASTERPIECE DESIGN'D, AND
FRAM'D HER LAST, BEST WORK, THE HUMAN MIND, . . .

Another year at Dougherty has come to an end. Within the pages of this 1974 pictorial record, you will see a "floor plan," an illustration of each area of our school from the basement to the third floor with its many corridors, offices, classrooms and focal points of interest.

Each year the members of the C.D. community revise and rebuild the programs, the goals, the achievements, the needs, the physical facilities. The leaders make changes in the building which are reflected in a revised floor plan for the new year. These changes make the learning experience more appropriate to the needs of all. This physical floor plan, however, is merely the symbol of the intangible plan being followed.

Each and every room is but a part of one stupendous whole that makes up the plan whereby we live, love and work within a framework of Christian education. To provide us with a plan whereby we may ultimately achieve these goals is the basic reason why Cardinal Dougherty exists.

To all those who have helped with the building of this Christian foundation in which we might continue to grow and mature, we, the graduates of 1974, dedicate our EMINENCE.

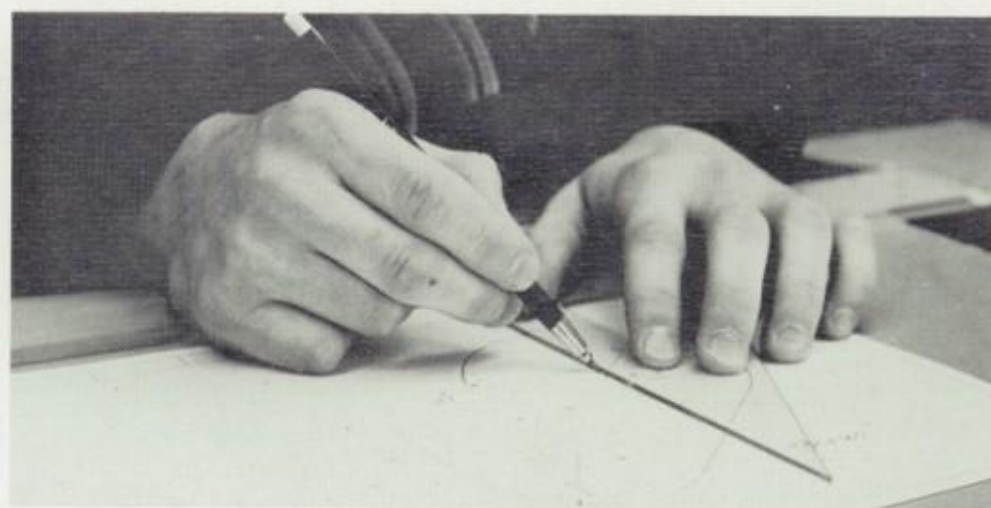

HEREYE INTENT ON ALL THE WONDROUS PLAN, SHE FORM'D
OF VARIOUS STUFF THE VARIOUS MAN.

ROBERT BURNS

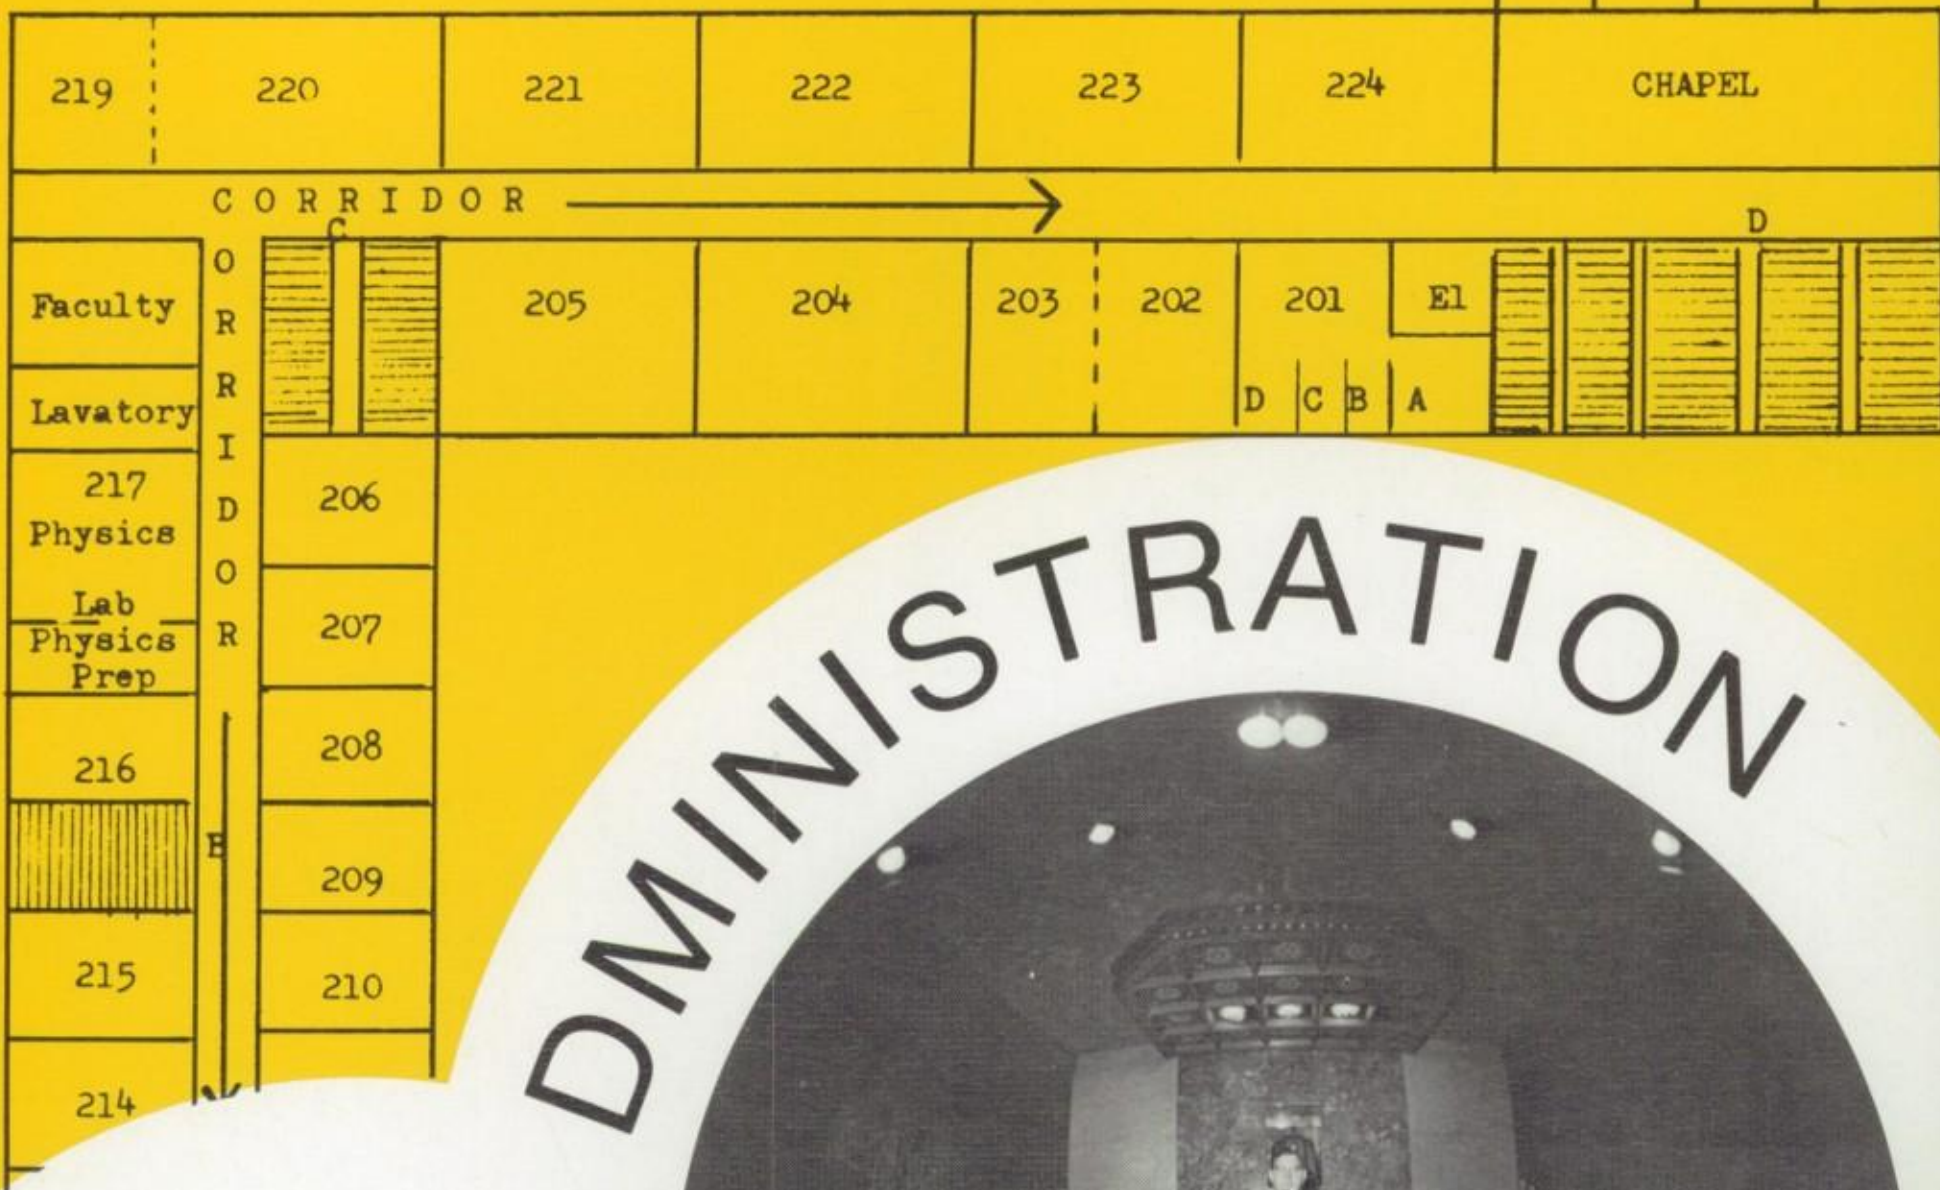

SOMETIMES, I THINK,
THE THINGS WE SEE ARE
SHADOWS OF THE THINGS TO BE;
THAT WHAT WE PLAN WE

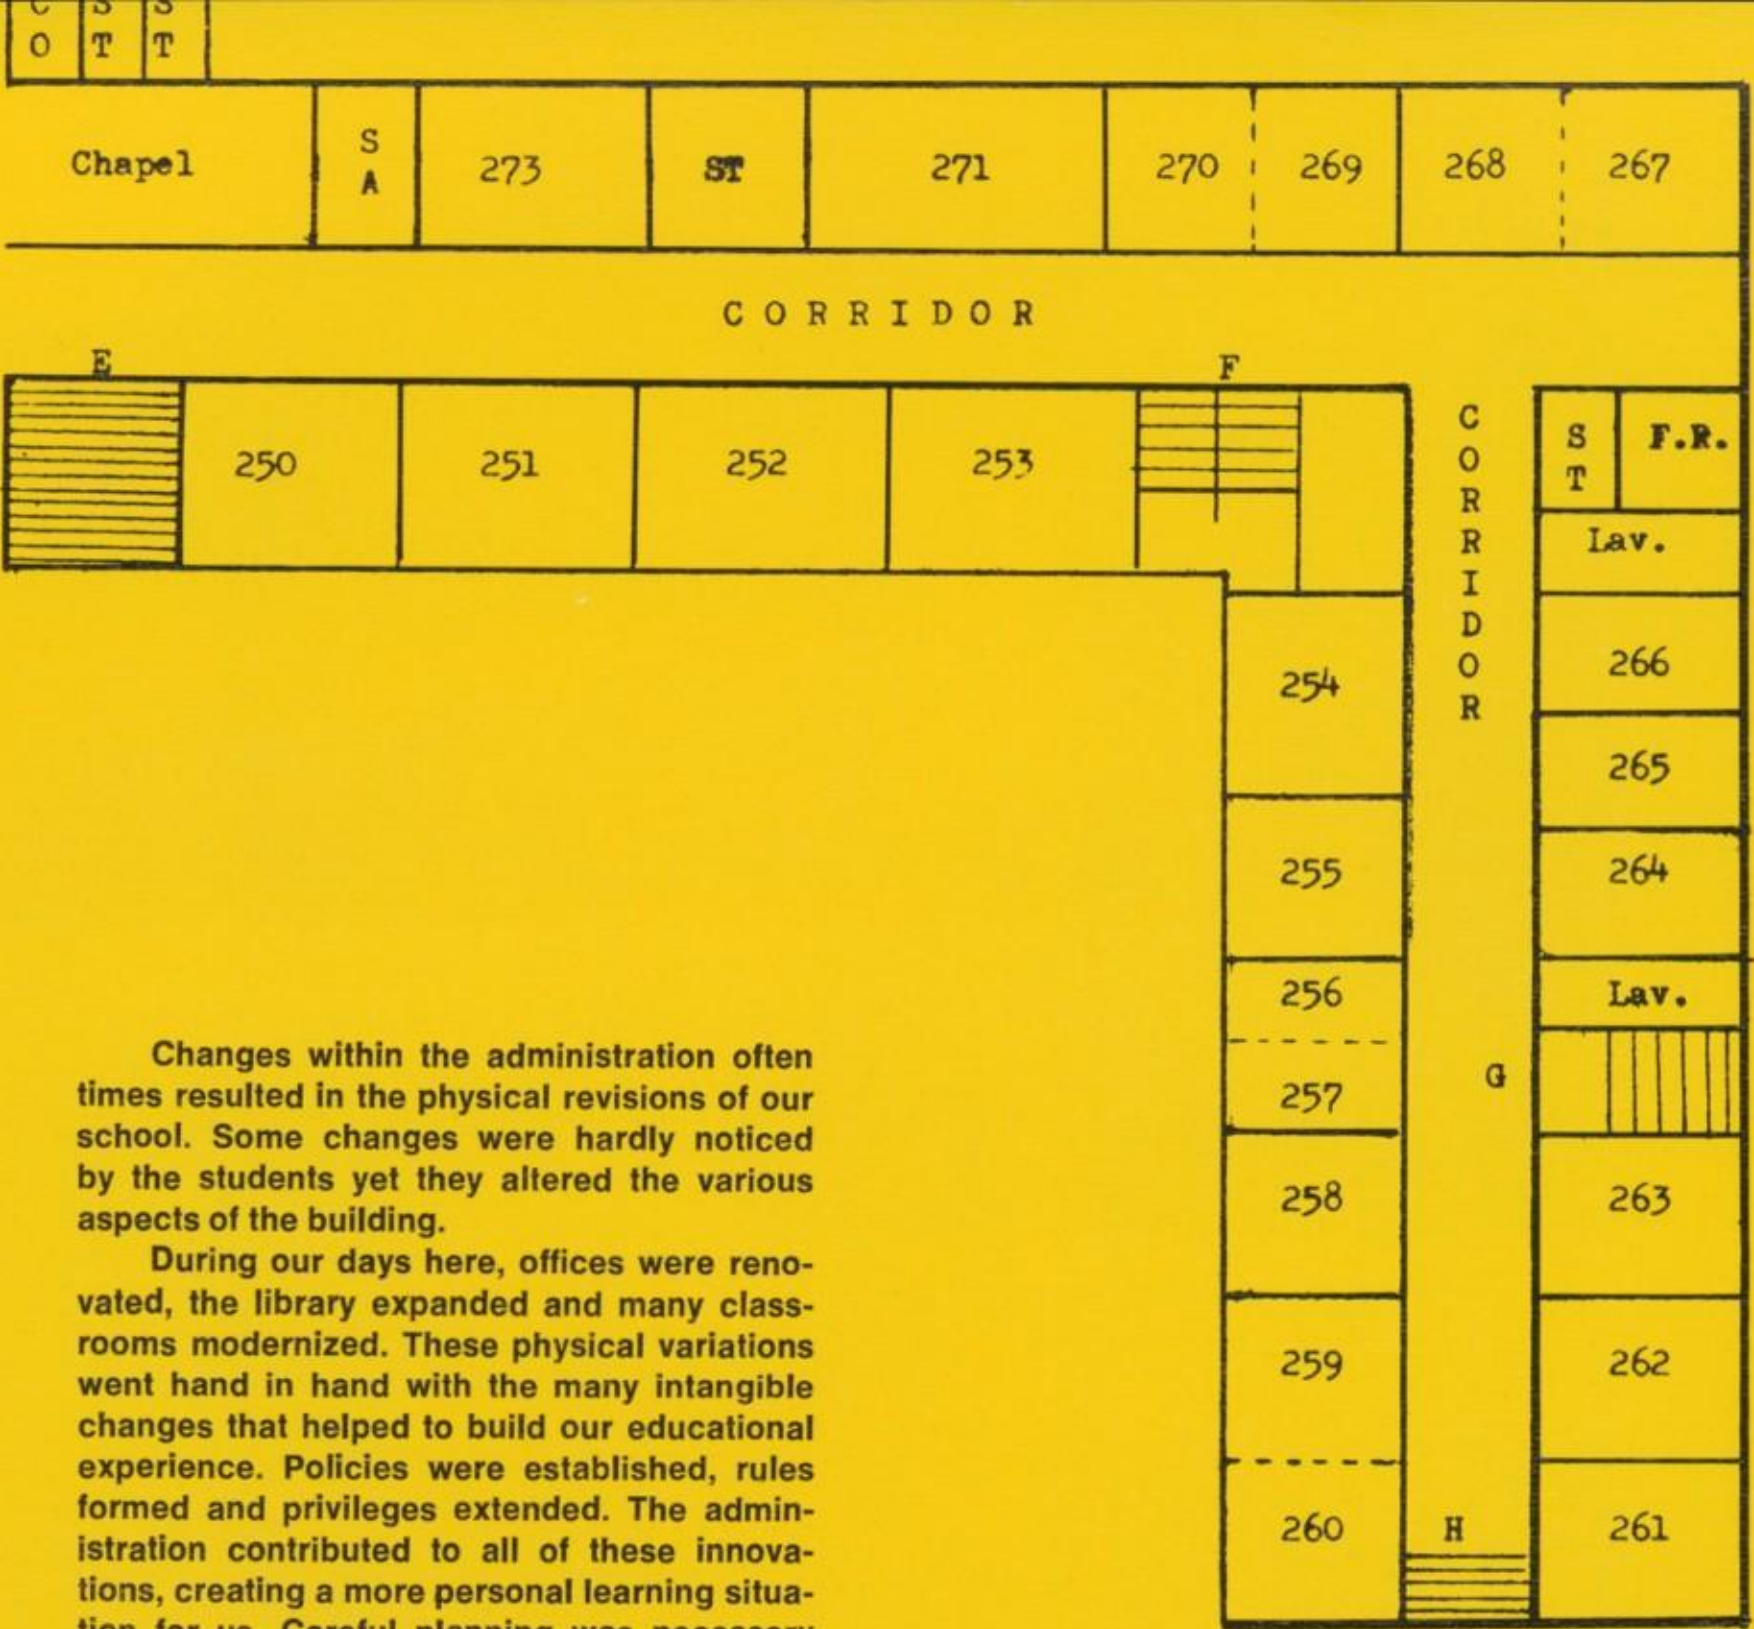

BUILD; THAT
EVERY HOPE
THAT HATH BEEN
CROSSED, AND
EVERY DREAM WE
THOUGHT WAS
LOST, IN HEAVEN
SHALL BE FULFILLED.

ADMINISTRATION

Changes within the administration often times resulted in the physical revisions of our school. Some changes were hardly noticed by the students yet they altered the various aspects of the building.

During our days here, offices were renovated, the library expanded and many classrooms modernized. These physical variations went hand in hand with the many intangible changes that helped to build our educational experience. Policies were established, rules formed and privileges extended. The administration contributed to all of these innovations, creating a more personal learning situation for us. Careful planning was necessary for each revision and experienced administrators drafted such designs.

WE MUST BUILD A NEW WORLD, A FAR BETTER WORLD—ONE IN WHICH THE ETERNAL DIGNITY OF MAN IS RESPECTED.

C A D E M I C S

Just as the builders must work from a plan, so must we builders (teachers and students), work from a plan, real and abstract with detailed directives for the growth and maturing of the total person. The process of drawing a realistic sketch of the world, balancing, coordinating and finally making visible its relation to our education is an undertaking that deserves our gratitude. Within such a framework, we were encouraged by our teachers to pursue our academic endeavors.

The plan of a secondary education is not only one of academic learning. To become total persons, we have to build ourselves socially as well. Therefore, our classmates do not go without thanks for through our close relationships and sharing of ideas, we came to accept the design of our instructors.

WHEN WE BUILD, LET US THINK THAT WE BUILD FOREVER. LET IT NOT BE FOR PRESENT DELIGHT, NOR FOR PRESENT USE ALONE, LET IT BE SUCH WORK AS OUR DESCENDANTS WILL THANK US FOR, AND LET US THINK AS WE LAY STONE ON STONE . . .

CTIVITIES

We started at Dougherty as a small part within a large school community. Through our participation in extra-curricular activities, we learned to accept and to cooperate with each other for a common goal. We experienced the enjoyment of competition, a sense of accomplishment and feelings of disappointment. We developed our talents and expanded our creativity. We opened new doors and touched others—we became involved. In joining any activity, we gave a part of ourselves to its framework and added a part of its structure to ourselves. We've grown in knowledge of ourselves and the world around us. These activities have laid the foundation for our involvement with people in the future.

WE NEVER KNOW HOW HIGH WE ARE TILL WE ARE CALLED TO RISE,
AND THEN, IF WE ARE TRUE TO PLAN, OUR STATURES TOUCH THE SKIES.
EMILY DICKINSON

Spirit Week

"Remember, girls—perfect posture while exercising is essential."

Personal foul—Mr. Esposito.

"I'll swap you a ham on rye for a peanut butter and mustard on raisin."

Father Trinity and con-celebrants open Spirit Week with the Mass.

Diane Emig wins her fight for bigger pretzels.

Miss Dickens—CD's "trampoline artist."

Ring Day

A band of "garnet and gold"

Happiness, friendship, success!

Our class ring is a lasting symbol of completion. We, the class of 1974, have completed the "floor plan" of our lives and are now ready to build upon it, to walk a new corridor of life. Together we fought to draw this plan and when our pencils went beyond the lines, we erased our mistakes and corrected the wrongs. Though we may never pass this way again, the "garnet and gold" will remain a symbol to us of the long struggle we had in achieving our goal. Now we are finished and must move on to build upon this plan with the prayer that each future structure will be both strong and complete.

Ring Dance marks the beginning of the end for the Senior Class.

Fathers Howard and McCoy celebrate Ring Day Mass for the Class of "74."

"Somebody's false eyelash is in my cup!"

THE TEAM DOES FIRST

SENIORS IN

During the week of October 22-23, the seniors of the Dougherty High School played the first game of the International Senior Series. The seniors defeated the host team, the St. Ignace team, 32-28.

During Tuesday and Wednesday of Spirit Week, the flag-football teams took to the upper field. In the first game, the seniors beat the Juniors 12-6, and the Sophomores defeated the freshmen 8-0.

The climax of Spirit Week proved to be the popular Senior-Faculty Game, in which the Super Seniors defeated the Fighting Faculty 51-50. During the game the students paid tribute to the teachers. Dressed as the "Faculty Chorus" they danced around the gym entertaining everyone. The highlight of the game, however, was the famous Faculty half-time show. Here members of our illustrious faculty impersonated students in a "salute" to physical education.

THLETICS

THLETICS

Sports condition the inner self as well the outer. Practice develops the athletes' mental discipline while building their physical capabilities. Through the guidance of an efficient coaching staff, the sportsmen strive for excellence, desire victory and learn to accept defeat. The student becomes more mature by accepting victory with humility and defeat with dignity.

Accomplishing half of what we set out to do is a victory in itself. The athletes realize more than anyone that life is a continual race, an endless competition. Looking back they will not remember days, but those moments where victories were accomplished through great perseverance.

MAKE NO LITTLE PLANS; THEY HAVE NO MAGIC TO STIR MEN'S BLOOD...
MAKE BIG PLANS, AIM HIGH IN HOPE AND WORK.

"If I keep going like this, I'll be able to take on all the problems of the world!"

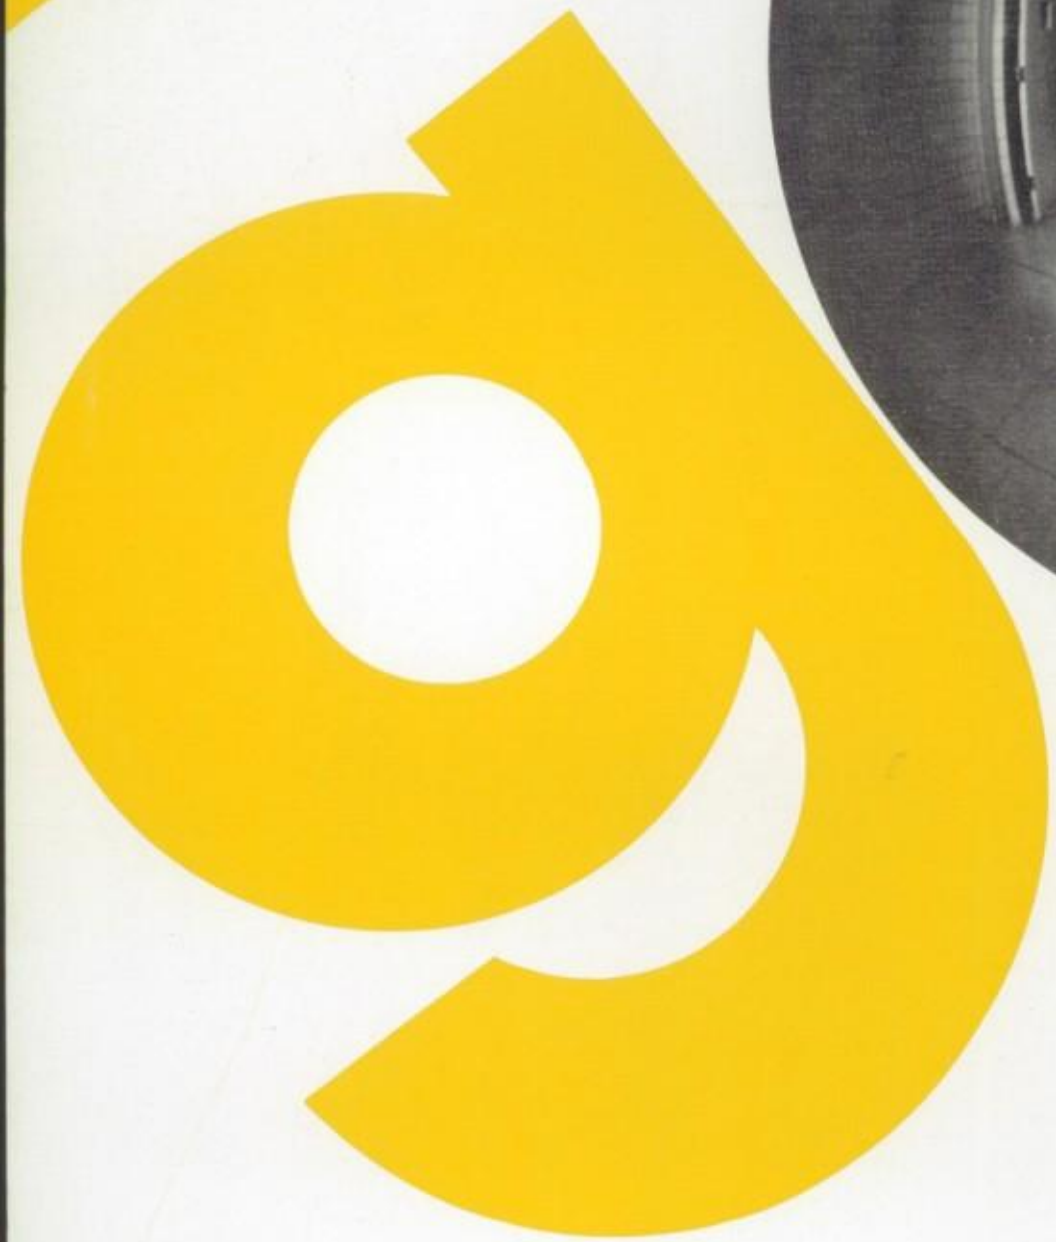

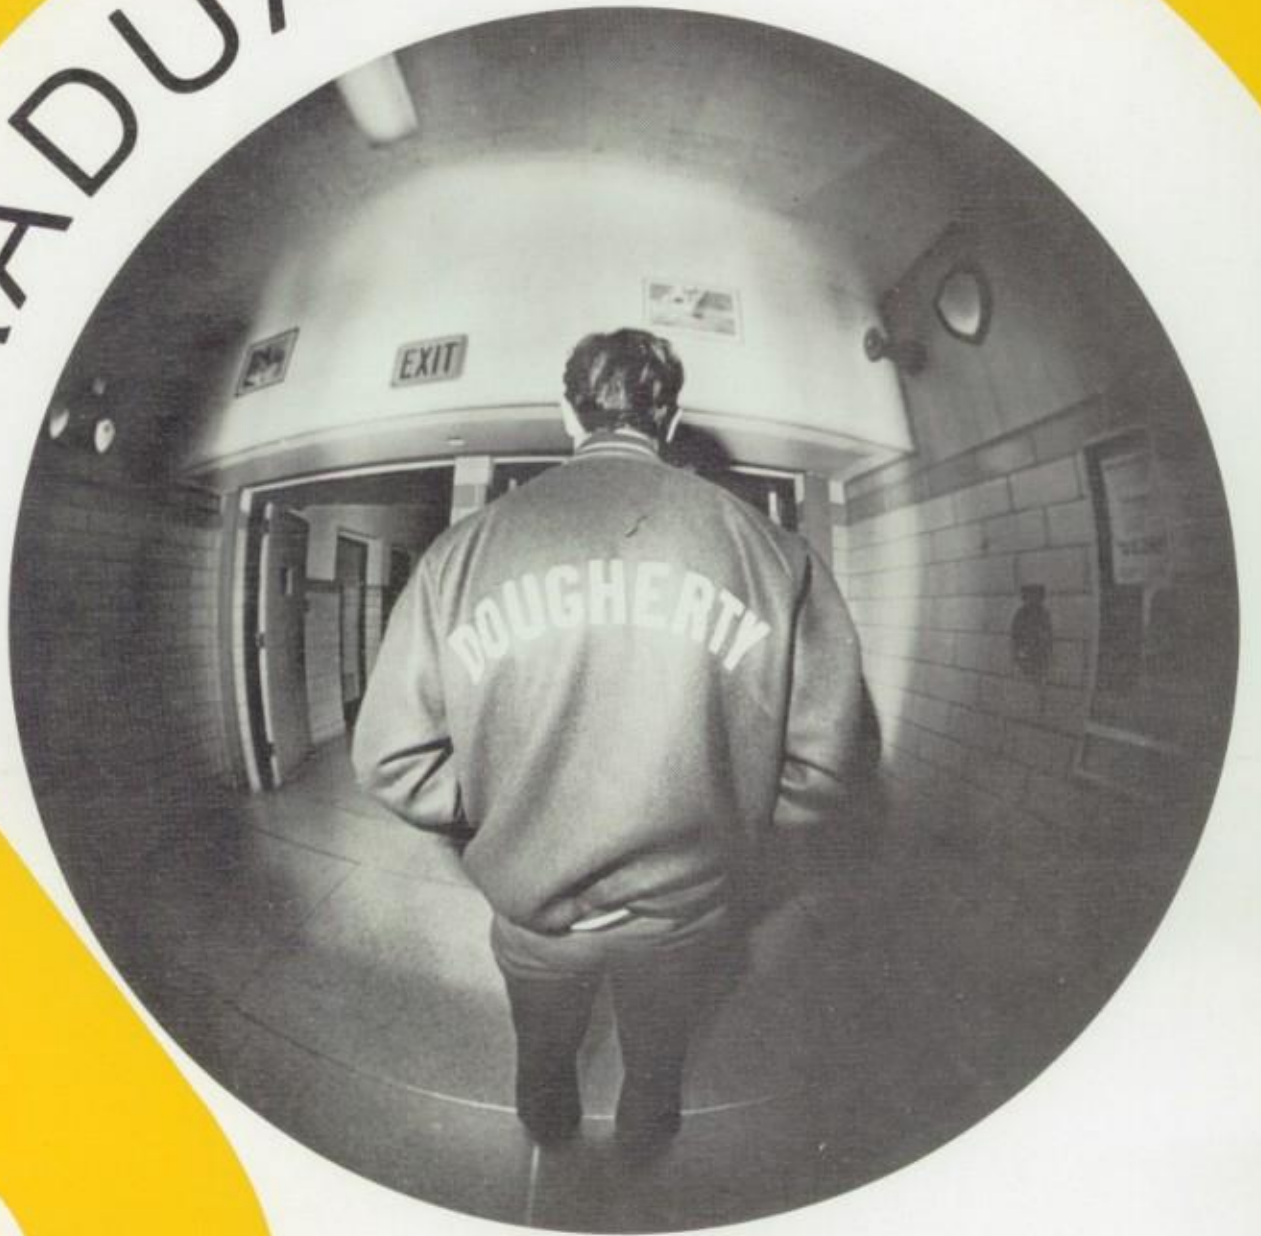

"Do you think anyone will notice that the ball is connected to the paddle?"

"Now just wait a second!"

RADUATES

The completion of four years at Dougherty brings an end to the sketching and basic planning of our goals, an end to our "floor plan." Four years of shared experiences, the learning to face setbacks, and the acceptance of triumphs helped to solidify our foundation. We have now attained our goals and anticipate an even greater fulfillment of them in the future. Living up to the expectations of our leaders and the building of lives so that they reflect the floor plan of our education are the tasks before us as we graduate. We must not look back on what has been, but wisely go forth to meet the future. The building of a better tomorrow should not prove too difficult for we end today with a firm foundation.

When I think of Walt,
I think of Hot Rocks,
Deep Purple, Santana
and the way he sang off key.
I remember snowball fights,
pizza steaks and hay rides.
Most of all—

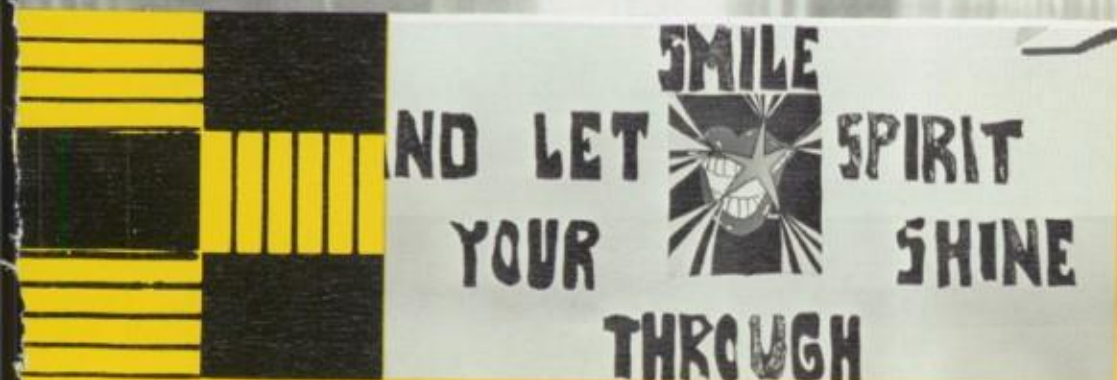

I remember the things no one else
remembers:
the smile when I was down,
the shoulder when I cried
and the company when I was lonesome.
On July 7, 1973, Walt had to leave us
for a very important meeting—
a meeting with God.

FROM THEE, GREAT GOD, WE SPRING, TO THEE WE TEND—PATH, MOTIVE, GUIDE, ORIGINAL AND END. BOETHIUS

FF

We enter tomorrow with ideals, goals and most of all the hope of a better future. The time has come to take our rightful place in the world, to advance in the direction of our dreams.
